OUTFITTERS

# INVASION OF THE BULLS

Thank you for your interest in Timberline Outfitters. My Name is Perry Hunsaker, and I am a full time professional outfitter, guide, avid archery hunter, and fisherman. I consider myself blessed to have been introduced at an early age to hunting and fishing in Arizona and New Mexico. Through the years, I have developed a great passion for the great outdoors. Over the course of the past seventeen years, I have taken great pride in assembling a prestigious, qualified group of guides that make up the Timberline team; or "Team Timber." They are a group of extremely talented hunters that are professional, honest, and I consider them to be the finest in the business today. Timberline Outfitters, and its team, has been selected numerous times as the Top Outfitter in North America. I am excited about the path that Timberline has taken as we ensure and constantly work towards making your trip better than the last. We are committed to your success.

At Timberline we seek out the finest hunting opportunities available. We look forward to seeing you in camp and making your dreams a reality!

Sincerely,

*Perry Hunsaker*

Since the inception of Timberline Outfitters, Perry Hunsaker's goal has been to provide a world class experience. Internationally distinguished as one of the finest Trophy Outfitters in the world today, Timberline has been nominated, three years in a row, by the San Francisco Bay Area Chapter of Safari Club International for one of the world's foremost and highly coveted outfitter awards; "Professional of the Year", and is an Official Outdoor Channel Outfitter.

Timberline has enjoyed tremendous success as a Five Star service harvesting incredible trophy animals and consistently keeping a huge annual number of repeat clientele. This alone speaks volumes to the quality and service you should come to expect. Over the last several years, Perry and the Timberline Team have had the opportunity to develop rewarding relationships with David Blanton (Realtree), Michael Waddell (Realtree/Bone Collector), Nick Mundt, The Ward Burton Wildlife Foundation, Safari Club International, The Rocky Mountain Elk Foundation, and guided Michael Waddell to his largest elk ever; a 378+ monster bull. Perry serves on the RMEF Outfitter Advisory Council and is referred to by many of his clients and friends as the "Elk Whisperer" or "Head Hunter". We invite you to come find out what you have been missing!
